## Developing Leaders for Ohio

*Providing the education, resources and networks needed to develop travel leaders for the State of Ohio*

### Ready for the Next Step?

If you have thought about becoming more involved in the State of Ohio's travel industry, or if you want to know how tourism functions at the statewide level, then the Ohio Tourism Leadership Academy provides the training you need to take that next step. This innovative program connects you to peers in the industry who are currently leading the way, introduces you to industry issues and opportunities in such a way that solutions can be envisioned and gives you a basic understanding of the roles and responsibilities of becoming a leader in Ohio. Upon graduation, you will have the networks, know-how and confidence to more effectively serve the industry on regional and state boards as well as to become a more active legislative voice.

### Program Details

The Ohio Tourism Leadership Academy builds leaders by fostering knowledge, developing leadership skills, strengthening networks and informing participants about the responsibilities of boardmanship. The program consists of six classes with session locations taking place in the Greater Columbus area. Each session begins at 10 a.m. and concludes at 3p.m.

During the sessions, you will be introduced to critical regional and statewide tourism issues. You will meet and discuss issues with leaders from statewide public, private and non-profit related agencies. Through panel discussions, round tables, presentations, tours and other activities, the Ohio Tourism Leadership Academy will build a stronger Ohio by forging stronger leaders within the travel industry.

### Candidate Selection

Participants are selected in an objective process and must be recommended and sponsored by their employers, generally by the chief executive officer. Self-employed persons may sponsor themselves. Sponsorship may also be made by non-profit organizations. Candidates will be sought who have high energy and passion for the tourism industry. They should be articulate, available to commit and able to demonstrate a willingness to learn new skills and put them into action after graduation.

Participation in the sessions represents a significant commitment of time and dedication on the part of those chosen for the program. They will be required to attend all sessions to graduate unless absence is excused by the Ohio Tourism Leadership Academy organizers. Applicants should be aware that there may be more nominees than class size permits. Candidates are selected exclusively on their own merits.

*Being new to the tourism industry, I was pensively concerned when I registered for OTLA. From the first class, it was clear that OTLA was not just another set of lectures & travel theories - the instructors provided hands-on, real-world applications to encourage self-reflection, identify strengths & opportunities for growth both personally and professionally. There was a sense of community from the get-go, & I made connections that will last a lifetime. Attending OTLA has truly transformed my perspective on leadership and professional confidence, & I highly recommend this course for anyone looking to level up their leadership skills & network with industry peers.*
